MY COLLEGE

1.Classroom

The classrooms in the college are suitable for college students to take their lessons and learn.

2.Library

This place is quite and designed for student's comfort to read or do their works. Also there are private rooms for students who don't like noise and want to focus in their works.

MY COLLEGE

3 . C a f é

In the café students can have their lunch, coffee also they can do their work. The café has suitable meals for college students like dfasta, pizza, fruits, and so many things.

4 . B a c k   y a r d

Student can have a rest and take out their stress by sitting in this place. They can can sit in the grass and walk around the place.

T h e   s h o p :

This place has snacks that students can have in their break. It has sweets and candies, chips, juice, Ice cream Also there are things that students need like notebooks, pencils and pen, coffee cup, etc.

MY TP SCHOOL

1. Playground area

In this area children play many games that can help them develop their cognitive skills like: playing with the sand.

2. Nurse room

Nurse room is provided with all the equipment that survey the sick student. In this room ,the nurse check the students. If someone has a problem she gives him medicine.

3. Classroom

The children spend most of their time in the classroom, learning with the teacher and doing different activities. Each area of the class has it's importance to develop the child's skills

MY TP SCHOOL

4.Library

It is a cultural place. Children can read stories, comics and encyclopedias. They also play cognitive games like puzzle. Sometimes the librarian shows them cartoons for more development in having information

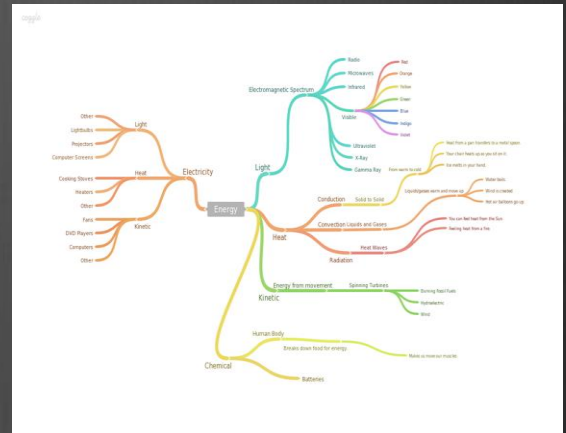

5.Food corner

Students have their snacks and breakfast at this area. After eating their food they throw the rest of their food in the birds basket, so they don't throw the food in the garbage and the birds can eat their food.

MY TECHNOLOGY

1.Coggle

This website is creative in creating maps. You can note your thoughts, summarize and organize them by this website.

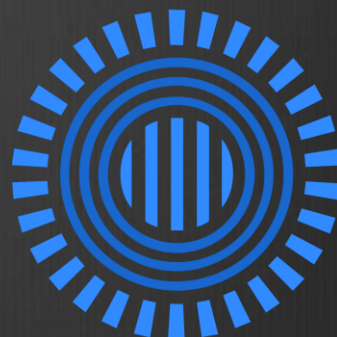

2.Blogger

You can create your own blog and post information or pictures about you. You are free to do what you want in this website either its for your college work or for your own life

3.Prezi

It's a creative website. You can do a fantasy presentation by your own creation and ideas. Its also an attractive website because of its effects and movement.

MY TECHNOLOGY

4. Grammarly

A useful website for checking grammar and vocabs mistakes and fix it by clicking on the wrong word and choose the right one.

5. Canva

A website that used to make posters and edit them. You can make a poster for an advertisement like advertising an event or a producer.
